This guide tells you exactly what to do each day for the first five days of the Close More. Stress Less. program. Follow it in order. Don't skip ahead.

The sessions are sequenced deliberately — each one builds on the last. By Day 5, you will have reset your morning routine, your relationship with rejection, your abundance mindset, your sleep quality, and your pre-appointment confidence. That's a complete professional reset in five days.

After Day 5, you move into your ongoing daily practice — which takes 8-13 minutes per day and maintains the state you've built. This guide covers that too.

What you need: headphones. That's it.

01

Understand the Problem

MODULE 1 + MODULE 2 AUDIO · ~30 MINUTES TOTAL

Day 1 is about awareness. Before you can change a pattern, you need to see it clearly. You'll read the Realtor Stress Cycle guide and then immediately experience your first morning session to feel the contrast.

MORNING

Read Module 1 — Understanding the Realtor Stress Cycle (PDF)

Complete the anxiety checklist. Write down your top 2-3 stress triggers. This takes 10-15 minutes.

**BEFORE
PROSPECTING**

**Listen to Module 2 — Morning Success Routine
(8 min · 417Hz)**

Put headphones on. Do this before you look at your phone or email. Notice how different you feel walking into your first call of the day.

TONIGHT

Open your Gratitude Journal

Complete Day 1. Morning section is best done tomorrow morning — but read through the journal tonight so you know what to expect.

Day 1 Focus: Awareness without judgment. You're not fixing anything today — you're just seeing clearly what's actually happening in your nervous system and your self-talk.

02

Rewire the Program

MODULE 3 PDF + AUDIO · GRATITUDE JOURNAL · ~25
MINUTES TOTAL

Day 2 goes after the root cause — the beliefs and self-talk running in the background. This is the most intellectually demanding day. Give it your full attention.

MORNING

Gratitude Journal — Morning Section (3 min)

Complete before phone or email. Then do the Module 2 Morning Routine audio (8 min). This becomes your permanent morning sequence.

MIDDAY

**Read and Complete Module 3 — Programming
Your Mind (PDF)**

Do the Self-Talk Audit. Complete the Belief Rewrite exercises. Write your 5 Personal Belief Statements. This takes 15-20 minutes.

EVENING

Listen to Module 3 Audio — 432Hz Visualization (15 min)

Do this after you've completed the written work. The written work primes the subconscious. The audio deepens it.

Day 2 Focus: Complete the Belief Rewrite honestly. The beliefs you identify and rewrite today will become the foundation of your new mindset. Don't rush this one.

03

Release the Weight

MODULE 4 AUDIO · GRATITUDE JOURNAL · ~30 MINUTES
TOTAL

Day 3 is about release. The Rejection Reset session is the most powerful one in the program for many agents. Choose a time when you won't be interrupted and can go deep with it.

MORNING

Gratitude Journal + Morning Routine (11 min combined)

Journal morning section (3 min) + Module 2 audio (8 min). Read your Belief Statements aloud after.

AFTERNOON OR EVENING

Listen to Module 4 — The Rejection Reset (20 min · 396Hz)

Find a quiet place. Lie down if possible. Bring to mind something specific you've been carrying — a lost listing, a difficult week, a deal that hurt. Let the session do its work.

Day 3 Focus: Allow yourself to actually feel what you bring to the Rejection Reset session. Many agents try to stay analytical and detached. Let the guard down. The release is real — but only if you let it happen.

04

Activate Abundance

MODULE 5 PDF + AUDIO · GRATITUDE JOURNAL · ~25
MINUTES TOTAL

Day 4 shifts your energetic baseline from scarcity to abundance. The 528Hz session combined with the written work is where many agents report a noticeable shift in how they feel walking into appointments.

MORNING

Journal + Morning Routine + Belief Statements (13 min combined)

This is now your standard morning sequence. Add 2 minutes for reading your Belief Statements aloud.

MIDDAY

Read Module 5 — Abundance vs Scarcity (PDF)

Complete the Scarcity Diagnostic. Note your score. Identify your top 2 scarcity patterns.

BEFORE AN APPOINTMENT OR EVENING

Listen to Module 5 Audio — 528Hz Abundance Activation (18 min)

Ideal to listen before a listing appointment or showing. Or in the evening as a reset.

Day 4 Focus: Notice when scarcity energy shows up in your body during actual client interactions. The awareness alone — catching the feeling before it controls your behavior — is worth the entire program for some agents.

05

Sleep and See the Win

MODULE 6 + MODULE 7 AUDIO · GRATITUDE JOURNAL ·
~35 MINUTES TOTAL

Day 5 completes the core reset with your two most powerful performance tools — deep recovery sleep and pre-appointment peak visualization. After today, you have the full toolkit.

MORNING

Full Morning Sequence (13 min)

Journal + Morning Routine audio + Belief Statements.
This is your daily practice from here forward.

BEFORE IMPORTANT APPOINTMENT

Module 7 — Peak Performance Visualization (12 min · 432Hz)

Use in your car or a quiet space before your next significant appointment. Do the full Peak Performance Visualization. Walk in having already seen yourself succeed.

TONIGHT — BEFORE BED

Module 6 — Sleep Like a Top Producer (20 min · 396Hz + Theta)

Tonight Before Sleep session. Headphones. Lights off or low. Let it run completely. Notice how you feel in the morning.

Day 5 Focus: After tonight's sleep session, you have now experienced every tool in the program. Your job now is consistency — not perfection, just consistency.
